

InterHuman Solutions

Transform culture to foster success for all

We work with people, teams, and organizations to:

Improve communication and productivity

Create strong, effective, and solution-focused teams

Develop managers and leaders to maximize success

Increase employee and community engagement and retention

We can help you transform your culture and promote success through:

Skill-based Training

Engage in interactive trainings to develop skills that promote psychological safety, well-being, resilience, empathy, inclusion, and communication.

Restorative Practices

Create connections, build community, address and repair harm, strengthen relationships, promote accountability, and improve work culture.

Program Delivery

Increase collaboration, alignment, and mutual support through team-building, experiential retreats, community engagement, and strategic planning.

Coaching

Expand leadership skills to develop trust, encourage growth, empower teams, and promote a positive, productive, transparent work culture.

Industry Expertise: Non-profits, Health Care, Academia, Science Research

Populations Served: Executive Leaders, Managers, Front-line Team Members, Physicians, Clergy, Faculty, Graduate/Medical Students, Postdocs, Research Associates, Administrators
